References

1) Journal article, two authors, viewed in print:

2) Journal article, eight or more authors, viewed online. This one has a DOI, so it goes at the end of the citation, no period after it.

3) Journal article, two authors, viewed online, but no DOI. Need to Google the title of the journal, *Public Health Nursing*, to find its homepage. Add this URL at the end, after the words “Retrieved from,” but do not put a period after the URL.

4) Book, one author.

5) They go in the References list alphabetically by last name, so: 3-4-1-2 (see below)
